TACTICAL TIPS + TRICKS: 100 EDITIONS OF ROOK NO FURTHER 🎉 YAY!!!!!!

Thoughts on 100 Newsletters: Hi guys, wow what a journey. 5 years of RNF. For me, the best thing with RNF has been all the tips and tricks passed on and of course all of the chess jokes too- which are actually funny 😊 But it's interesting, as a current top listed Australian player (one for several years now), I think Rook No Further has helped me too. That is, to have even more fun with my chess- above all else AND, to further help me remember the key ideas and tips useful to winning any chess game. Whether it be, playing a different structure at the start of the game, having unique plans in the middlegame or the variety of tactics that make it easy to win the endgame... One thing's for sure, I look forward to writing the next 100 rook no further soon.

PESKY PUZZLES: In each position find the best move/moves. White to move = W Black to move = B
