This tournament is a 7-round 'Swiss' competition. This means that all players play 7 games and no-one is 'knocked out' of the tournament.

Players must be supervised by a teacher and must not receive any external assistance from any other person, or chess engine during the games. Once a game has started, players must stay on the same browser and not switch windows or tabs, or have access to any other electronic devices, apart from the computer that they are using to play the games.

Anyone found using external assistance will be banned from the remainder of the tournament and have all of their points deducted.
